

# Sample Management Center Highlight: Sample Status Visibility

Want to know if your sample made it to the lab yet? Curious when you can expect the results to be published? Need to double check if you ordered the right analysis?

The answers can be found on the Feed > Status page of [portal.dairylandlabs.com](http://portal.dairylandlabs.com) or Dairyland's Android and iOS apps. Recent updates to this page include:

- Custom default filters allow you to see exactly what you want each time you open the page, including date ranges, sample statuses, and column selection.
- Exporting status data to a csv file
- Additional filters for account name, lot name, and extra description fields

The screenshot shows the 'Status' page in the Dairyland portal. It features a sidebar with navigation options like Home, Labs, Feed, and Lot Management. The main content area displays a table of sample statuses with the following data:

Dairyland ID	Sampled For	Product	Package Description	Status	Estimated Reporting Date
	(123456) An Example Dairy	Whole plant corn 2	Select	Submitted	
918335	(222) Doug Harland	Corn - Grain 3	Grain Particle Size	Reported	2023 Jan 07
917805	Attn Neal	Whole plant corn 2	ADF, Ash, NDF, Starch	In Lab - Arcadia Main Laboratory	2023 Jan 06
917804	Attn Neal	Whole plant corn 2	ADF, Ash, NDF, Starch	In Lab - Arcadia Main Laboratory	2023 Jan 06
916650	(222) Doug Harland	Corn - Grain 3	Grain Particle Size	Reported	2023 Jan 04
908567	(Adifo12345) Adifo Example Farm	Grain byproducts 6	CNCPS 6.5+	In Lab - St. Cloud Minnesota	2022 Dec 15
908565	APAL 2	Corn - Grain 3	Basic	In Lab - St. Cloud Minnesota	2022 Dec 15

**Did you know?** After logging into Dairyland's Android or iOS apps, you'll automatically receive notifications when new samples arrive at the lab and when new reports are available to view?

*Serving the testing needs of agriculture since 1958*

*Comprehensive analyses of feed, forage, soil, water, molds and mycotoxins*
