## **Dairyland Laboratories Inc. Purchases Feed Analysis Laboratory from Waypoint Analytical**

Dairyland Laboratories announces that it has purchased the feed laboratory from Waypoint Analytical in Leola, PA. Waypoint will continue to provide other services at the Leola, PA location.

Kyle Taysom, CEO with Dairyland Laboratories, says “This acquisition underscores our commitment to serving this key market through a sustainable business model that emphasizes local service with the expertise and technical support of an international network.”

Chris Langford, President of Agriculture Operations with Waypoint, says “The divestment of the livestock feed portion of our business will allow continued focus on the agronomic services Waypoint has provided for over 50 years. This renewed commitment to providing the highest level of service has and will continue to be our strength.”

Starting Monday, March 6th, 2023, samples will be tested at Dairyland’s new laboratory located at 1817 Olde Homestead Lane, Suite 206, Lancaster, PA.

Customers with questions about the new location and services can contact Dairyland Lancaster at 717-517-7955 or [info@dairylandlabs.com](mailto:info@dairylandlabs.com).

A family-owned business since 1958, Dairyland Laboratories provides extensive analysis of feed, forage, water, molds and mycotoxins across the United States as well as internationally.
